LEDGER

WEEKLY REPUBLICAN—1867.
DAILY PUBLIC LEDGER—1892.

THREE AGES OF WOMAN.

At fifteen, like an opening bud.
The maiden fair is seen;
And she would have the world believe
That she is full eighteen.

Next, by the time that thirty years
Their steady course have run,
She then would have us understand
She is but twenty-one.

Time rolls around, her girlhood friends
Are nothing more t'names,
Though she has seen but ninety years,
A century she claims.

The indictments pending in the United States
District Court at Frankfort against Charles
Terry and others, growing out of alleged
frauds in a Breathitt county election of two
years ago, were called for trial before Judge
Cochran Tuesday but were filed away on motion
of the District Attorney. A trial of the cases
would have served to intensify the feeling
between the factions in Breathitt, and would
probably cause more bloodshed in that county.

Thinking probably that The Ledger Man
"didn't know when to come in out of the rain,"
Mr. John M. Hunt, of the enterprising house of
D. Hunt & Son, has kindly provided him with
the best possible protection. During his recent
visit to New York he selected a hand-
some umbrella—one of the kind that "you
press the button and it does the rest"—and the
Editor yesterday found it on his desk with the
compliments of Mr. Hunt. In view of the
seasonable weather of the past few weeks,
certainly no gift could have been more op-
portune or appropriate—unless it had been a pair
of rubber boots—and a skiff. Mr. Hunt
will please accept the best of thanks.

THE market reports say that "hogs are becoming scarce." This does not, of course, refer to the two-legged species.

THREE delinquent taxpayers of Dover owe the town respectively \$0, 68 and 63 cents. It's surprising what an antipathy some people have to paying taxes; and yet they would like to own the earth—if some one else paid for it.

THERE was a genuine rabbit hunt in Newport a few days ago; and yet that town is put down as one of three second-class "cities" of Kentucky! Where's TOM JAMES, CHARLIE TUCKER and RICH BOWMAN—to say nothing of Colonel AL BERRY?

A FEW weeks ago a young lady at Red Bank, N. J., was thought to have died of pneumonia. An undertaker began preparations for burial, and while closing one of her eyes he saw her twitch it, and immediately adopted measures for her restoration. She is now well.

MARRIAGEABLE young ladies will be glad to know that 1904 will be leap year. It has been a long time between leaps, but the calendar will not serve the girls such a trick again for two hundred years, by which time it is thought that most of the present crop of old maids will have been harvested.

A FEW nights ago a thief got into the office of THE LEDGER's friend AMBROSE BRUNER in Louisville, and after pocketing \$5 in cash and \$2 in stamps he departed. AMBROSE's chief complaint is that the fellow left the door open when he went away. Such carelessness cannot be too strongly condemned.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

The high water has driven rabbits, muskrats, minks, otter and other animals into the very limits of Paducah and boys hunt them in the outskirts of the city.

William Setters was killed and Harry Walters, Sim Wagner and Clarence Gilbert badly hurt yesterday by a falling roof at Crane's Lumber Mill, Cincinnati.

The elevator cab in the Louisville City Hall yesterday fell five stories. The cab was completely wrecked and of eleven passengers five were badly injured, one of whom may die.

Rudolph Forrester of Virginia has been appointed Assistant Secretary to the President. He entered the Government service in 1894 and since 1900 has been Executive Clerk to the President.

Volina Barrett is suing Hardin Shepherd at McKee for 75 cents due for a quart of turnip seed. The defendant pleads a debt for can seed as a set off, and the case will cost hundreds of dollars.

Special Request.

In answering advertisements appearing in the columns of this paper, or when buying goods from a merchant whose advertisement appears in this paper, our readers are especially requested to state that they saw the advertisement in THE PUBLIC LEDGER.

This will cost you nothing, and it will be greatly appreciated by both the advertiser and the editor.

THE failure of the lately expired Congress to provide for locking and damming the Ohio has justified a great many people in damming that Congress.

EX-PRESIDENT CLEVELAND is booked for an early Western voyage, and it is said he will take the latest edition of the Cyclopedias along as part of his luggage. This means that he will tell those along the line who they are, where they came from, and when their towns were invented. All of which is proof positive that GROVER will be a candidate for President some more.

ALTHOUGH the miners in all sections of West Virginia have received substantial increases to their pay, exceeding in many cases the demands of the Union, the general impression is that a strike will be declared about the first of April. "Mother JONES" the female Anarchist and a number of high-salaried Walking Delegates have been fomenting trouble among the ignorant miners for some months.

KENTUCKY Democrats had best tread lightly when approaching the grave of the late Congress. While it appropriated the snug sum of \$1,554,108,519, it should be remembered that Kentucky got a pretty big slice of the pie—\$1,323,999.35 in one item to pay an old war claim, while several hundreds of thousands of dollars came to this state for Public Buildings and river improvements—in all, something over \$2,000,000.

Political Pickings

SHUTS OUT FRAUD.

Chicago Record-Herald.

The Legislature of Indiana has passed a bill authorizing the use of voting machines at elections in cities of 13,000 population or over. Whether the Governor signs the measure or not, it will call attention to the increasing favor with which the voting machine is regarded in the West. While its adoption may be deferred a while longer, it can be but a question of a short time when the larger Western cities will fall in line with Buffalo, Rochester and other Eastern cities where the use of this method of voting has given such universal satisfaction that the people could not be persuaded to return to the paper blankets of the Australian system.

Tom L. Johnson has been renominated by the Democrats for Mayor of Cleveland.

Owensboro tanners, carpenters and bricklayers have boycotted artificial stone for use in buildings as the material is handled by a non-Union company.

Farmers' Handy Truck Wagon Only \$19.90

OUR PRICE \$19.90.

This wagon has steel wheels with 4-inch tires, 3 1/2-inch skeins, guaranteed to carry 4,000 pounds; top of bolsters only 22 inches from the ground. Think of the convenience in housing tobacco, hauling fodder, hauling rock, rails, wheat, etc., without cutting up the farm and starting washes here and there. Call and see this wagon and be convinced.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chipping process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Point also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most valuable that man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

Where the Big Fishes Bite the Best!

HARRISON'S-ON-THE-KINNICONICK!

Six miles from Vanceburg, nestling on a gentle slope near the foot of a hill, stands Kinniconick Hotel. The road up and over and down the mountain is good, but the surrounding country is far from inviting. This continues to within a couple of hundred yards of the Hotel, when—Presto! And there unfolds before you one of the most charming of situations. Undulating lawns of emerald hue;

whitened stone walls supporting terrace upon terrace; shadow trees that are veritable monarchs; and in this superb and picturesque setting is the "Tom Harrison Home," now remodeled and added to and christened "Kinniconick Hotel."

"Kinney" with its shaded dells and its boats and pools is about a gunshot in front, and there's fish for the Waltons, game for the Nimrods, rest for the tired, and a delightful time for all who journey there.

Hon. Thomas B. Harrison, "Lord of the Manor," is one of those princely gentlemen that one never forgets, while his son, Mr. Ralph Harrison, Manager of the Hotel, with the polite and obliging attaches, will make one feel quite at home.

THE LEDGER is free to say that the above illustration does not do justice to the beauty of the place.

SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like.

The Attorney General, in his opinion, expressed a doubt of Governor Beckham's legal right to make a contract with Captain Calhoun without the approval of the Attorney General.

PROOF FOR THE UNBELIEVING AND SKEPTICAL

Paine's Celery Compound

Saves a Gentleman From the Dangers and Perils of Insomnia and Nerve Troubles After Failures of Able Physicians.

It is now generally admitted that insomnia or sleeplessness is caused by exhaustion of nerve force and a sluggish condition of the digestive organs. Overwork, worry and care have their effect upon the nerves. Sleeplessness in springtime is one of the commonest troubles afflicting men and women, and in too many cases fatal results follow. In thousands

REV. A. CRAW
Of Ridge Road, N. Y., 83 Years Old.

of cases the terrible trouble develops insanity and madness—then the asylum with its surrounding horrors.

Paine's Celery Compound promptly banishes sleeplessness and inflammation of the nerves. The wonderful medicine quickly makes nerve fiber and nerve force, cleanses the blood, strengthens the tissues of the brain and gives rest and sleep. You cannot possibly procure these blessings through the use of any other medicine.

Paine's Celery Compound is the only true nerve and blood remedy, and contains exactly the elements needed for your case in springtime. May Heaven direct you to use it, dear sufferer, at this time. Mr. Max Burheim, Cincinnati, O., says—

"I have been suffering from sleeplessness for many years, and although I have tried almost everything to get cured, consulting the best physicians, and even going to Europe several times, all was in vain. I then tried Paine's Celery Compound. The first night I used it, you can imagine my joy when I found that I had slept six hours in succession. I continued the use of Paine's Celery Compound for three months and sleep peacefully every night."

Says Rev. A. Craw of Ridge Road, N. Y.:

"Paine's Celery Compound has been a panacea for the many ills which afflicted me in my old age, and which have all disappeared by its use. First, the sciatic affliction of my right hip which so severely afflicted me that it was very difficult for me to ascend or descend stairs; lumbago was another affliction which was at times very troublesome, but the Compound cured me. I was also afflicted with piles. I have used six bottles and it has quite revolutionized me and I am now in my eighty-fourth year and as well and strong as I was at fifty."

James W. Bess, the strangler of Mrs. Martha McQuinn Martin at Lexington, has been indicted by the Grand Jury and his trial set for next Tuesday.

Mr. Thomas A. Keith did not inspect the K. T. Commandery in Lexington Tuesday evening but instead is confined to his home in East Third by illness.

Hon. Abram S. Renick of Clark county, in the race for Lieutenant Governor, is the first man to put up his money as a candidate before the Democratic Primary to be held May 9. Tuesday he paid to Chairman Allie W. Young \$300, his part of the primary expense.

A Remarkable Case.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of one ounce Cough Cure. She says: "The coughing and straiting so weakened me that I run down in weight from 140 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. Jas. Wood & Son.
